SUPERFLEX

Formed in 1993 by Bjørnstjerne Reuter Christiansen (b.1969), Jakob Fenger (b. 1968), Rasmus Nielsen (b.1969)

The Danish artist group SUPERFLEX has been working since 1993 on a series of projects to do with economic forces, democratic production conditions and self-organisation. With a diverse and complex practice that engages art, design, commerce and economic structures of dependency, the Copenhagen-based artists collective SUPERFLEX challenges the role of artists in contemporary society and explore the nature of globalization through ongoing collaborative projects.
